DETAILED ACTION

Drawings

The drawings are objected to for the reasons stated in the previous OA.

Applicant's arguments filed 12/16/06 with respect to the drawings have been fully considered but they are not persuasive. The examiner recommends at the very least a legend/key indicative of the

- b) frequency limitation with respect to claim 2, "less than monotone wobble frequency", and
- c) frequency limitation with respect to claim 10, "frequency is within an octave of said wobble frequency", but not said wobble frequency".
